## CHURCH BELLS WERE RUNG

### In Celebration of Election of Pope.

#### PIUS X HOLDS RECEPTION

#### Amid Great Pomp--Coronation Will Occur Sunday--The Pope a Prisoner.

Rome, Aug. 6.—Pope Pius X walked in the Vatican gardens this morning, insisting on going alone and without guards. The church bells throughout Rome rang for an hour this morning in celebration of the election of pope. Later in the day the pope held a reception in the throne room. Among those presented were the members of the diplomatic corps and members of the sacred college. The ceremony was carried out with great pomp.

In going to the Sistine chapel from his apartments the pope refused to ride in a sedan chair and proceeded afoot. At the reception the pope delivered a lengthy address, which greatly delighted the audience.

At the request of the cardinals who desire to return to their homes Pope Pius X has decided to have the coronation ceremony next Sunday.

As he stood against the window yesterday, from which he caught a glimpse of the gardens of the Vatican, the pontiff exclaimed: "My first pleasure, when I can spare a moment, will be to explore the gardens which now confine my little world. Heigho! How shall I get on without my long country tramps? How I shall miss them and my sea!" Pope Pius wished to see personally most of the innumerable telegrams of congratulation received, giving instructions for the answers to those for which he cared most, and looking at the copies, changing here and there a word.

#### PREVENTING PANIC.

Heaviest Financial Interest Putting Shoulders to Wheel.

New York, Aug. 6.—Keen interest was manifested in the stock market today as the financial world was led to believe last night that yesterday's demoralization would be continued on an even greater scale and several new failures would be announced. While there was distinct and heavy pressure directed upon all securities, especially high grade and inactive stocks, causing several new low records it was clear evidence that the largest financial interests were putting their shoulders to the wheel with a view to preventing a panic.

Even in the face of heavy support and much short coverings stocks melted under the heavy offerings to new low records, but there was a feeling that the big men had the situation under control. The recovery of 1-2 points was made upon the announcement that all the sheets had passed the clearing houses all right.

Laidlaw and Garrie, members of the Consolidated Exchange, announced their suspension this morning.

#### BASE HITS.

Lafite recently made his first home run of the season at Philadelphia.

The Toledo (O.) Baseball club has returned Pitcher Ed Walker to the Cleveland club.

Joe Kelley has beaten his record of 1902, when he was put out of the game four times.

Elmer Flick is among the leading base runners in the American league. Flick still leads by a good margin.

Christy Mathewson is following in the footsteps of "Rube" Waddell and will be found on the stage next winter.

Pitcher George Merritt has been returned to the Pittsburgh club by Worcester. Pittsburgh will now probably release Merritt.

The New York Nationals made no mistake when they secured Sandow Mertes this year. He has been of great value to the team.

The veteran outfielder Tom McCreery is back with the Brooklyn, Manager Hanlon having secured his release from Minneapolis.

Weimer, the left handed pitcher secured by Jim Hart's Chicago National club from Kansas City, is one of the finds of the season.

Says Tim Murnan: "As straight-away hitters Brothers, Anson and Deleahanty were the best the game ever produced. All were six feet in height or over."

#### Lebanon Cedars.

It is stated that there are more specimens of the cedar of Lebanon in the gardens round London than on Mount Lebanon itself.

#### Hand to Mouth Chinese.

In nearly all Chinese cities a large percentage of the inhabitants live in a sort of hand to mouth fashion, buying food from restaurants. Hot water is sold from stands by people who make a business of providing it. The great necessity for economy in fuel seems to be the primary cause of this mode of living.

#### SMOOTH TALKERS.

##### Stowe Farmer Falls Victim to Lightning Rod Agent.

Waterbury, Aug. 5.—Frank Ladd, a farmer in Stowe, wants to see the lightning rod men that visited his place last week. He also wants the note for \$300 which he gave one of the men for work done. Mr. Ladd was in town today and gave instructions to the Waterbury National bank that he did not want the note paid. He also consulted an attorney and will take every possible means to regain his money. He considers that he has been swindled and wants the public to be on their guard. Last week Thursday a man signing his name as E. Wilson called upon Mr. Ladd and after considerable smooth talk drew a contract to put lightning rods on Mr. Ladd's house. Mr. Ladd states that the man said the rods would not cost him more than \$5 or \$6 in view of the fact that he and some of his men would probably board there.

The next day a man by the name of W. Bentoliff called. Both men acted as agents for Cole Brothers. The rods were put up and when the work was done Bentoliff gave a receipt for a \$300 note given by Mr. Ladd, which he claims was the cost of the job. Later Mr. Ladd met W. F. Harris of Stowe. Mr. Harris had lightning rods placed on his house and barn by the same parties. When they had finished their work, \$300 was demanded as the price. Mr. Harris not having signed the note, objected to paying such a sum and finally settled the bill for \$50. All this Mr. Ladd learned after the lightning rod men had gone away. He is now trying to make connections with his note and the smooth talkers.

#### MORMON MISSIONARIES.

##### Working in Neighborhood of Morrisville, This State.

Morrisville, Aug. 5.—For the past week or more the residents of Laporte and Randolph neighborhoods in this town have been entertaining missionaries of a variety hitherto unknown in this vicinity. Two well dressed, intelligent looking young men, apparently well educated and well up on parts of the Bible and claiming Salt Lake City as their home, are holding meetings at the home of Mr. Hadlock on Laporte road and at the home of Mr. Sullivan, who occupies the Frank Spaulding place on Randolph road.

These young men are going about their work in a very quiet manner. No general notice of the meetings is given out, but a few families are invited in to hear the doctrines of Joseph Smith and Brigham Young preached. At each meeting they give away Mormon literature and inform their hearers that Mormon bibles can be bought very cheaply by sending to New York city. The young men intend to stay in this vicinity until winter.

#### POLITICAL QUIPS.

The Democratic papers seem to be just as busy selecting a running mate for Mr. Roosevelt as are the Republican papers in selecting a Democratic presidential candidate.—Dallas News.

## MONUMENT ON ITS SITE

### Granite Memorial to Arthur in Place.

#### AFTER VEXATIOUS DELAY

#### Horses Sent to Sheldon From Montpelier to Move the Granite Memorial.

Sheldon, Aug. 5.—The Chester A. Arthur monument is now resting on its site in Fairfield, it having been set up thereto-day by C. A. Smith of Montpelier. It will be ready for the dedication services as soon as a little grading can be done around it.

The trip from here was finished last night. The die weighed over 10 tons and the wagon on which it was hauled weighed 4,700 pounds. When the workmen arrived there this morning they found that the wagon had settled into the ground nearly to its axles. The load was drawn by 12 trained horses under the direction of Harry Wheeler of Montpelier, six horses being worked ahead of the wagon and six at the rear. The load was so heavy that several slitches between here and Fairfield were smashed and wherever the road was soft at all the wheels cut into the ground so deeply that they ent about a foot and a half of the side of the road off.

#### ASSAULTED HIS WIFE.

##### Martin Carrik of Bethel Gave Mrs. Carrik a Severe Pounding.

Bethel, Aug. 5.—Martin C. Carrik, formerly of Bethel, who has been in Woodstock of late, returned to this village Wednesday morning and going to the residence of his wife made a vicious assault upon her, knocking out three teeth and badly bruising her head and body. Mrs. Carrik, who is a large strong woman, reached the door and called for help, and Carrik desisted from his attack.

Carrik was found at two o'clock this afternoon in the tenement of George Riley on River street, which he had entered in the morning and threatened the Riley family with death if they informed on him. Lynn Chadwick, delivery man for Brooks & Washburn called at the house for orders, gained information as to his being there and notified the officers who arrested him and now have him in the village lock-up. When Carrik went into the Riley house he was covered with blood. He went to the sink and washed off the blood, saying to the family that he guessed he had killed his wife. If he had not he was going back and finish her.

#### DRANK ARSENIC.

##### Brandon Young Man, While Drunk, Tried to End His Life.

Brandon, Aug. 5.—Fred Lewis, better known as McClusky, made an attempt to commit suicide last evening at E. R. Rising's livery stable, where he was employed Tuesday afternoon. Lewis got enough whiskey to get him intoxicated and about 8 o'clock in the evening he went to the office at the livery stable, where the horses' medicine is kept, and finding a bottle of arsenic solution he drank nearly half of it, hoping it would prove fatal. It was some 30 minutes before it was found what Lewis had taken and then Drs. Peck and Baker were immediately called and after some hard work saved the young man's life, much to his distaste, as he says he will do it again as soon as he is able to do so.

Montpelier, Aug. 5.—The lawyers from this vicinity to attend the midsummer outing of the Vermont Bar Association at Newport left this noon. In the party out of this city were Mr. and Mrs. J. H. Stanton will leave tomorrow morning. The programme includes a boat ride on the lake, an address in the evening by C. A. Prouty, followed by a banquet. Several other attorneys from this city intended to take in the meeting but gave up the idea at the last minute.

#### FEELING AROSE.

##### Montpelier Stirred Up Over Station Agent Lang's Removal.

Montpelier, Aug. 5.—The reasons for removing station agent Lang at the Central Vermont depot are still unknown, and various rumors are in the air. One is that it was due to a kick from the granite shippers. Several of the dealers have been interviewed and while they say they have had cause for great complaint against the service they have been receiving, they do not attach any blame to Mr. Lang, but believe the trouble is due to lack of railroad help to do the work. All the shippers speak in the highest terms of Mr. Lang and several are talking of making a protest to St. Albans. Mr. Lang has advocated a larger force to do the work, but has never been able to get it.

Today a new freight train made its appearance. The belief is expressed that this will cause more satisfaction. Mr. Lang has been offered the station at Randolph, but it is said that he will not decide for a week or so until after the transfer of the local station is completed. Probably no agent has been as popular as Mr. Lang and there is considerable feeling about town over the matter.

## DUNN GIVEN DECISION

### Graniteville Boxer Won Easily.

#### CRIES OF FOUL HEARD

#### Andy Watson, Colored, of Boston, Was Opponent of the Vermont Man.

Montpelier, Aug. 5.—Six hundred men gathered in Armory hall tonight to witness a so-called athletic exhibition, the principal event of which was a ten-round sparring contest for points between Frank Dunn of Graniteville, light-weight champion of Vermont, and Andy Watson, colored, light-weight champion of New England. W. H. Brown of Hardwick was referee and gave the match to Dunn in the fourth round on a foul amid loud cries of "foul."

Frank R. Dawley of Bellows Falls and William Hooper of Montpelier put up a pretty exhibition, which was scheduled as a five round contest but Dawley was knocked out in the third round. The other events were an illuminated club swinging by John E. Leland and a sprightly boxing match between two lads, Burke and Jackson. The hat was passed for the kids and \$9.50 was collected.

The big event of the evening did not start until late. Dunn weighed in at 172 pounds, having the advantage over Watson of over 30 pounds. Arthur Rose and Jerry Donahue acted as seconds for Dunn, while William Hooper and George Scribner officiated in a similar capacity for the colored man.

The mill was short and the crowd was dissatisfied. The first round was occupied chiefly in feeling around and no heavy hitting was done. Both showed themselves pretty well up in the art of boxing. The second and third rounds passed nearly as quickly and about as tamely.

The fourth and deciding round was only a minute and a half in duration. Watson struck out; but his blow evidently went lower than he expected. A look of distress came over Dunn's face, and Referee Brown called a foul and awarded the mill to the Graniteville man.

The crowd set up a howl but the management insisted that there was no fake, that the men had never seen each other before and that they did not know who the referee was until they stripped for the battle.

The two fighters divided \$150, sixty per cent going to Dunn and forty to Watson. Another mill of the evening was a short and sweet set-to between George Carbo and an unknown novice who quickly threw up the sponge. The latter admitted that he never had worn a pair of gloves before, and the crowd agreed with him to the fullest extent.

#### MONTPELIER UNIONS INVITED.

##### To Participate in Barre Labor Day Celebration, Sept. 7.

At the special meeting of the Central Labor Union held last evening matters pertaining to the observance of Labor Day were considered. It was voted to extend an invitation to the Central Labor Union of Montpelier, and the subordinate unions of that city and vicinity, to join the Barre unions in their picnic, which will be held at Caledonia Park on Monday, Sept. 7.

Among the sports it was decided to have a tug-of-war tournament between the societies and labor organizations of Barre and Graniteville, for which a prize of \$20 was voted.

As the Central Labor Union has at its disposal a limited sum for prizes it was voted to adopt the same method as that pursued last year—not to canvass the city for prizes. Should anyone desire to donate individual prizes it can be done by addressing a letter to the secretary, C. C. Ramsdell, Times office, as early as convenient, and not later than Saturday, Aug. 10th. This time limit is mentioned that all donations may appear in the printed programme of sports.

The special committees thus far appointed are as follows: On Sports, William Mackie and Donald Smith, to select a third member; on music, C. C. Griswold; on railway accommodations, Eugene O'Brien, Thomas Brown and Creamer Allen; on refreshments, B. F. Healey, C. C. Griswold, John F. Rice; on printing, C. C. Ramsdell.

The meeting was adjourned subject to the call of the president.

#### ENJOYED THE CONCERT.

##### Good Sized Crowd Heard Montpelier Military Band

The third in the series of band concerts that are being given in this city by the Montpelier Military Band attracted a good sized crowd about the City Park last evening, although not so many people as usual attended owing to the threatening weather. The concert was perhaps the best one thus far given and was quite liberally applauded.

Collectors went about among the crowd and collected a total of \$19.40 which will go towards the expenses of the concert. It is probable that there will not be another concert for two weeks at least as the band left this morning to attend muster at the regimental band.

Two of the church societies, the Methodist and the Episcopal, took advantage of the opportunity and served ice cream and cake, and although the weather was scarcely ice cream weather, they did well.
